You are going to print a “Level Practice Worksheet”

[Level Practice Worksheet](#)

Review:

☒ Include Number Lines when applicable

3

1

2

From the drop down box, make your choice (1). There are as many choices as there are levels.

Choose how many problems (2) and the format (horizontal, vertical, etc)

Click the blue words “Level Practice Worksheet” (3) to generate the practice PDF.

Each time you generate a new practice worksheet, you will get a unique version of the level practice worksheet.
